🧠 Technical Skills

Frontend: — HTML5, CSS3, JavaScript, TypeScript

Frameworks & Libraries: — React.JS, Tailwind CSS, GSAP

Backend (Basic): — Django, Django REST Framework

UI/UX & Design Tools: — Figma, Blender, Canva

Version Control & Tools: — Git, GitHub

Core Concepts: — Responsive Design, Visual Hierarchy, OOPs, REST APIs

Other Skills: — Game Developing, Video/Image Editing, Graphics Designing

📁 Internship Offer/Experience

Frontend Developer | Vortex Web

- Developed responsive web interfaces using React.js, JavaScript, HTML, CSS & Tailwind CSS.
- Integrated REST APIs with Django REST Framework.
- Used Git & GitHub for version control and project collaboration

International Internship Pilot Program (IIPP) | Taiwan

Role: Software / Interactive Developer Intern – Selected Candidate

- Selected for an internship opportunity focused on interactive and UI-driven application development for metaverse.
- Shortlisted through a competitive technical and project-based evaluation process.

Freelancer | Graphic Designer | AI Trainer | Frontend Developer

06/2024 – Present

📁 Project

Collaborative Coding Environment for Education | React, Django REST

A real-time collaborative platform that enables students to write, edit, and debug code together.

- Built a real-time, interactive code editing platform for students and educators with live synchronization features.
- Implemented collaborative debugging, real-time updates, and version control integration to support team-based learning.
- Developed responsive frontend interfaces using React and integrated RESTful APIs with a Django backend.
- Designed a cohesive system of custom typography, vector icons, and UI components in Figma to establish a clean, modern aesthetic for the student dashboard.

2D Multiplayer Game | Unity, C#, Figma, Photoshop

A 2D offline multiplayer game focused on delivering smooth gameplay and engaging user interaction.

- Designed custom 2D sprites, environments, and branding assets using Photoshop.
- Wireframed and built responsive game menus and interactive HUD layouts in Figma.
- Implemented crisp gameplay mechanics, ball physics, and scoring states via C#.

🎓 Education

B.E. Computer Science

08/2021 – 07/2025

Chandigarh University

🎓 Certifications

- Building Web Applications in Django – Coursera, 2024
- Principles of UI/UX Design – Meta (Coursera), 2024
- Graphic Design Foundations: Layout, Typography, and Motion Graphics – Udemy, 2025
